

The Buckskin Horse Association of NSW Inc was established over thirty years ago to meet the needs of owners wishing to register and promote their Buckskin and Dun horses and ponies. We were incorporated in 1984.

We have reciprocal showing and transfer rights with the other state Buckskin and Dun associations.

Any person of good character is eligible to become a member of B.H.A. Members must be financial to have horses registered or transferred.

We are now accepting membership and registrations from Queensland under certain conditions.

Your application should also provide proof of breeding if you wish your horses breeding acknowledged on the Registration Certificate. Photocopies of your other breed registrations must accompany this application, otherwise breeding is entered as Nil.

You will receive your membership card and receipt probably before your registration certificate as each application for registration or transfer has to be presented at our monthly committee meeting. We can usually assist in urgent situations if the horse is an obvious Buckskin.
